NAICS Codes: 541511, 541512, 518210

About Cloud Kraken

Cloud Kraken Technologies LLC is a cloud-based software firm with a specialty in AWS. We are deeply curious and experienced in creating powerful software architectures that are mindful of cost and efficient use of the cloud (and GovCloud). We love to apply cutting-edge cloud technology to unique and difficult problems.

Core Competencies

- Cloud-based microservice systems
- Big data analysis & visualization
- Custom deployment infrastructure
- Rapid development/prototyping
- CI/CD setup & automation
- Language/tool experience
 - ◆ Java (and Spring, Kotlin)
 - ◆ Node.js (and Express)
 - ◆ JavaScript (Vue, Angular)
- Cloud system migration
- Application modernization
- Agile or Waterfall methodologies

Differentiators

- AI & cloud specialized subcontractors ready to augment our team
- Staff includes AWS certified members for development, big data, & DevOps
- Staff has worked on a variety of commercial and local/state consulting projects, including Hertz and CA IMR
- Experienced in bringing Extreme Programming ideologies to teams
